SUMMARY

SQA Engineer with over 2 years of hands-on experience in manual, API, and automation testing of web applications and websites. Skilled in designing and executing comprehensive test cases, validating UI/UX, and ensuring seamless integration between frontend and backend systems. Experienced with tools like Playwright, Postman, and JMeter, with a strong foundation in C#, .NET, and basic JavaScript. Proven ability to enhance software quality, identify critical bugs early, and contribute to faster, more reliable releases. Passionate about continuous learning and delivering high-quality user experiences through effective QA practices.

WORK EXPERIENCE

Techtribe

Islamabad

SQA Engineer

Dec 2025 – Present

- Perform manual testing of the [Arttribe](#) application, an AI-powered platform that generates images, videos, music, and voice using different models.
- Test multiple modules including Image Studio, Video Studio, Music Studio, and Voice Studio, each containing various AI tools.
- Validate the functionality of each tool to ensure accurate output generation based on user prompts.
- Conduct functional, regression, and UI/UX testing to ensure smooth performance and high-quality user experience across all modules.
- Collaborate closely with developers by reviewing and testing code changes through Git before deployment.
- Identify, report, and track bugs using Trello, ensuring proper documentation.
- Create and maintain detailed test cases and test scenarios to support continuous QA processes.

BLS Solution

Rawalpindi

SQA Engineer

May 2025 – Dec 2025

- Perform manual testing of websites and web applications with a focus on functionality and UI/UX to ensure seamless user experiences and design consistency.
- Conduct functional, regression, and cross-platform testing to ensure product stability and quality.
- Collaborate with developers and designers to identify, report, and track bugs using Trello.
- Design and maintain detailed test cases and documentation to support continuous QA processes.
- Follow agile methodologies for sprint planning, daily stand-ups, and iterative development, ensuring timely delivery and adaptability.

Cedrus Group

Abbottabad

SQA Engineer

March 2024 – May 2025

- Performed manual testing of web applications focusing on functionality, usability, and responsiveness.
- Focused on UI/UX testing to ensure design consistency and user-friendly interfaces across devices.
- Designed and executed detailed test cases ensuring thorough validation of workflows and user scenarios.
- Performed functional, regression, and usability testing to ensure stable and high-quality software releases.

- Collaborated with developers to identify, report, and track bugs using JIRA, ensuring timely resolution and smooth delivery.
- Performed API testing with Postman to validate request/response accuracy and backend integration.
- Performed load and performance testing with JMeter, identifying potential system bottlenecks under stress.
- Ensured cross-browser compatibility and responsive behavior across multiple screen sizes and environments.
- Contributed to process improvements by maintaining test documentation and following Agile practices like sprint planning and daily stand-ups.

TRAINING

UPWARDS (TRAINING PROGRAM)

Nov 2023 – Feb 2024

.NET Development

- Gained hands-on experience in C#, ASP.NET Core, Web API, MS SQL Server & basic knowledge of React.js.
- Worked on building RESTful APIs, integrating dependency injection, and optimizing database management.
- Gained practical exposure to front-end technologies, including HTML, CSS, JavaScript and React.

SKILLS

Programming Languages & Frameworks

C# | ASP.NET Core | Basic JavaScript | Microsoft SQL Server

Testing & QA Tools

Manual Testing | Automation Testing (**Playwright**) | API Testing (**Postman**) | Performance Testing (**JMeter**) | UI/UX Validation | Test Case Design

Version Control & Methodologies

GitHub | Agile Methodologies | Bug Tracking (Trello)

Soft Skills

Presentation and Communication | Working under Pressure | Team Management | Problem Solving

EDUCATION

Bachelor's Degree in Computer Science

2022

University of Haripur

LANGUAGE

English | Urdu
